Lyrics Sheet Abraham Lincoln

Do you know the man born in a cabin made of logs?
Son of a farmer in Kentucky. Had not the nicest dad.
Do you know the man who moved to Indiana?
Barely went to school. He was poor.
He lost his mom when he was a boy.
Working in the fields would not be his destiny.

Do you know the man who rode a flatboat down to New Orleans,
but didn't stay because he moved to Illinois?
Do you know the man who earned the nickname Honest Abe?
Standing six-foot-four. President during Civil War.
The glue that held the states together to not secede.

Abraham Lincoln!

***President 16. Elected 1860.
He was a self-taught lawyer. He won the Civil War.
Signed the Emancipation Proclamation,
and preserved the union before assassination.***

Abraham Lincoln watched a play in 1865.
That was the last time he'd be seen alive.
John Wilkes Booth shot him, but he still lives on
in the hearts of every free American.

Do you know the man who selected General Ulysses Grant?
The union leader who helped the northern states win the war.
Do you know the first Republican president?
In 1863 he gave the Gettysburg Address, you see.
He spoke of nationalism, equal rights, and liberty.

Abraham Lincoln!
